SANDRA HIGHSMITH

Our senior year was highlighted by many social functions. As usual with the class of 1983, it is safe to say that a good time was had by all!!!

Here's a camera shy bunch of guys.

DALE'S

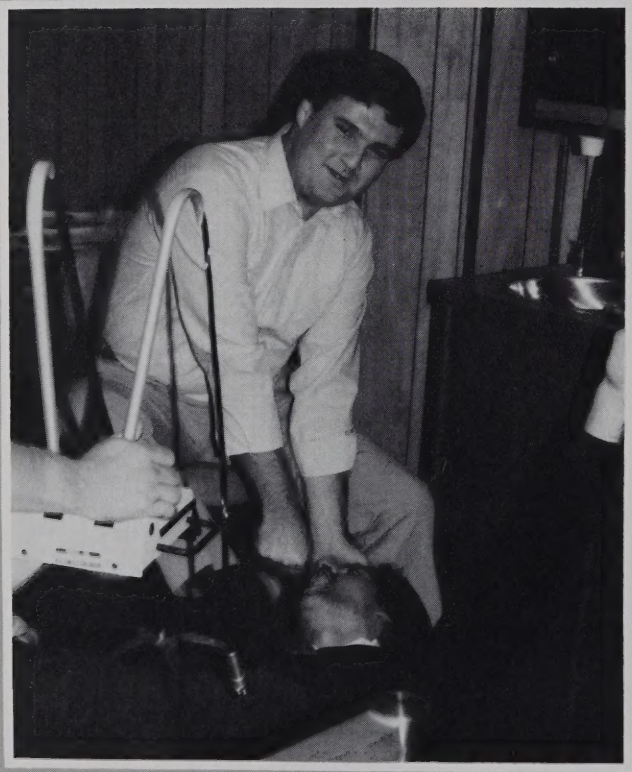

Weather its a poker party, a chili party, or just a summertime get-together, parties at Dale's were always a hit.

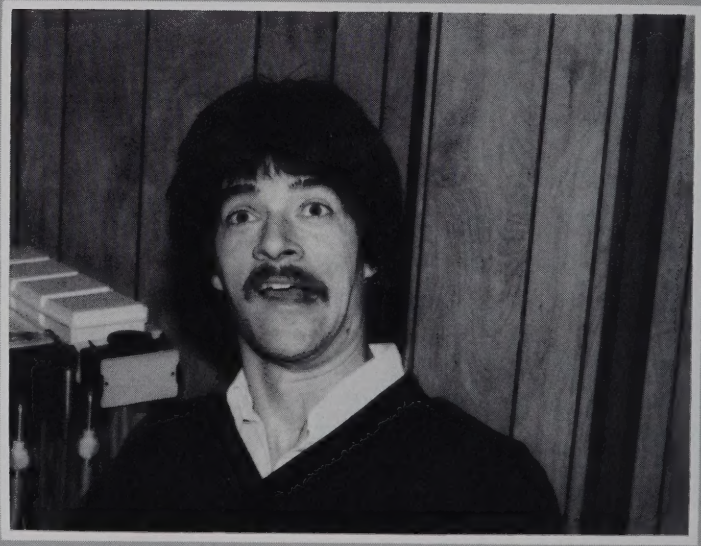

... Mike ... Mike ... Mike ...

Most of the dental suppliers had parties for the soon to be doctors to show them the latest advances in dental products, and the latest advances in creative financing techniques.

Brad shows us his exodontia technique.

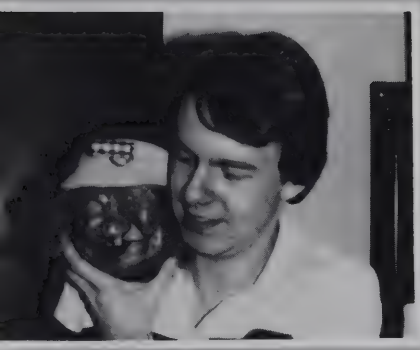

A Panorex machine costs how much?

QUINCY WEEKEND

Summers were filled with lots of outdoor fun. The annual trip to the Powers Mansion on the Mississippi was among the best of summer fun.

"HOSE HEAD"

Jay Bowman gets a surprise birthday party.

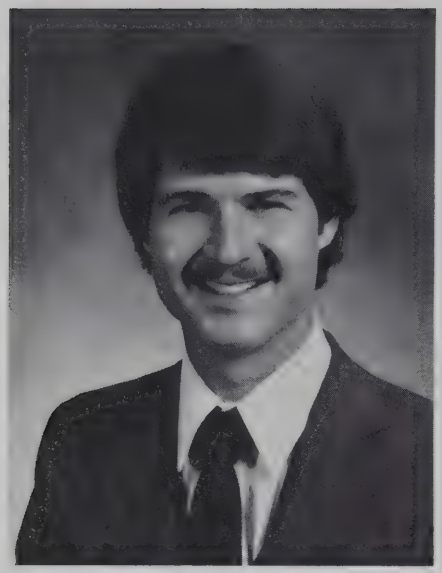

Jeff shows all the proper way to hold a beer can.

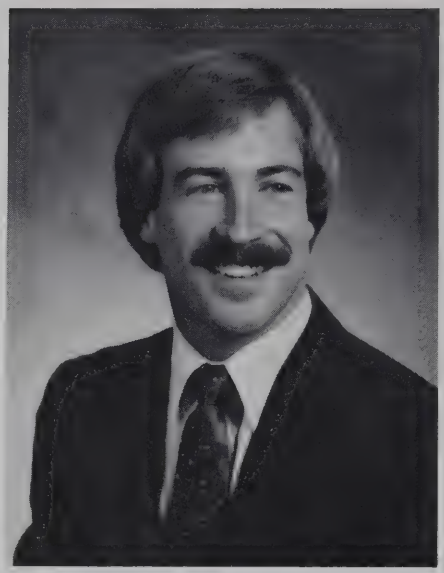

Jay's computer games prove more interesting than dental school lectures.

MORE GOOD TIMES!!!

The nearby Missouri lakes, rivers and forests were frequently the sight of weekend getaways, as was the case for this canoeing and camping trip.

John, will you roast me a marshmellow?

River guides: Mick & Karen.

Jeff finds his canoeing partner.

O.K. who took my tent?

The Last Supper; Doritos & Budwieser!

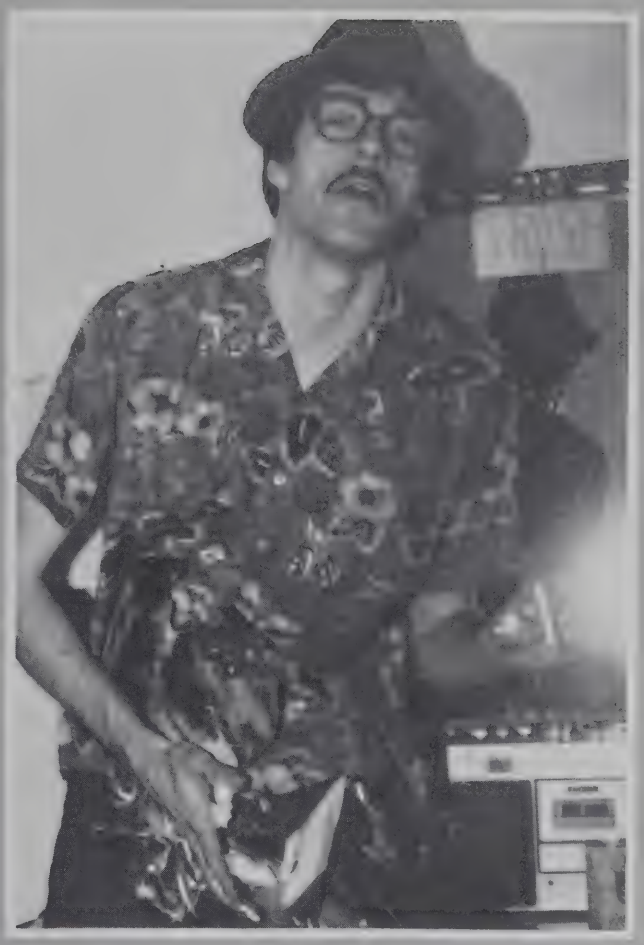

Here it is, I found it.

The mid-winter meeting of the American Dental Association held in Chicago every year is always well attended by SIU-SDM students. The weekend is filled with lectures, demonstrations, exhibits, and of course good cheer.

The gang tries there best to "sink the Bismark".

Peter, looking very "Chicago" says he's going to come again next year.

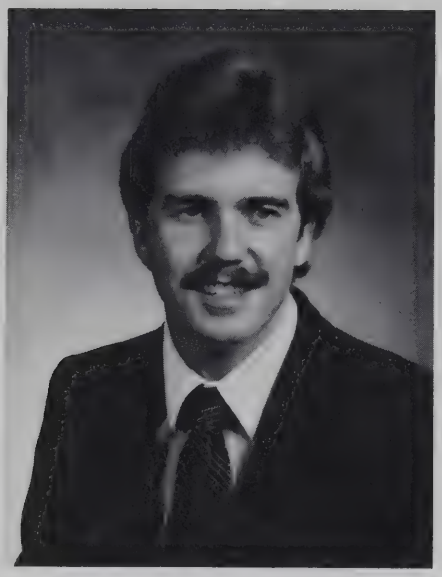

These flaming paper airplanes are great. Lets do a table clinic on them next year!

"Gosh, Val, can you believe these guys?

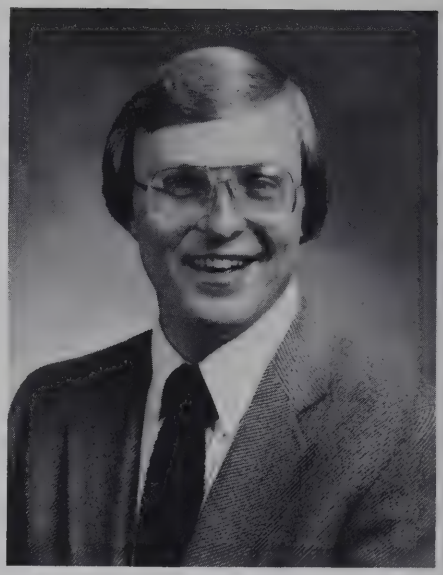

How's this for room service?

SURGICAL SPECIALITIES PARTY

AT THE SHURTLEFF SHACK

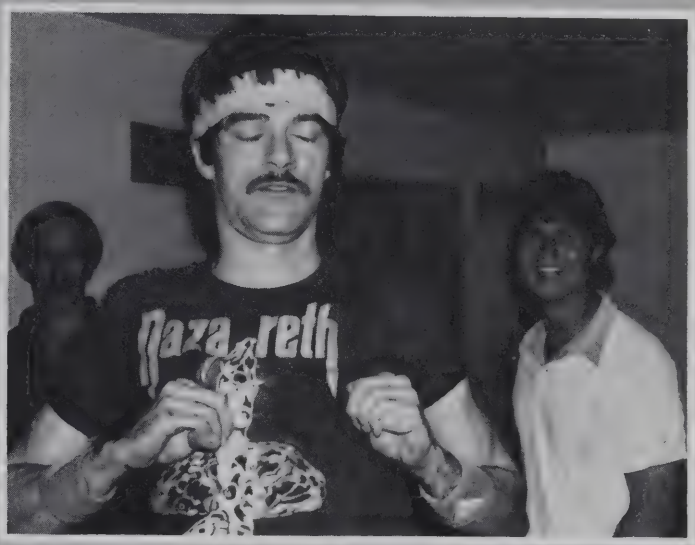

Is that the . . .?

Mick Jagger and the Rolling Stones, live at the Shurtleff Shack.

It sure is . . .

Back stage, Kieth Tunes up his jam'n fingers.

Oh well!

Ron "Willie" Wood thrills the crowd with his guitar solo.

Whether he's handling student gripes during the week, or taming wild dental students as seen here, Dr. Ferrillo always seems to have his hands full.

Drs. Ferrillo and Hoag look very surprised when the "Stones" arrive in the S.I.U. van, while Sid eyes up nearby co-eds.

After four years of practice, and hard work . . . many long nights, and Zomax mornings . . . its safe to say we all passed our mastery in partying with a resounding "A".

DINNER - DANCE

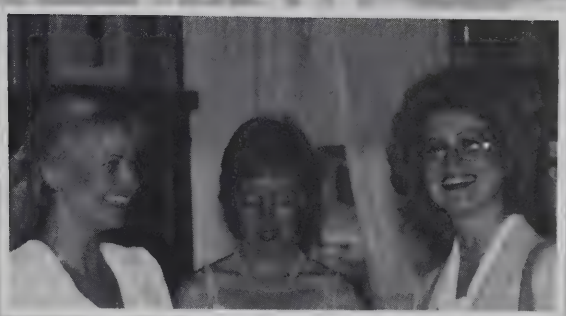

The Senior Class cordially invites the student body of SIU-SDM to our long-awaited Graduation Dinner and Dance on Thursday, June 2, 1983.

The festivities will take place on the St. Louis riverboat "Belle Angeline," from 6:30 pm until 1:00 am. Dinner will be at 7:00 featuring a steak and lobster meal. Following dinner the class will present a special award to each individual in the graduating class. After the awards there will be a live band; also included in the package will be a 4 hour open bar.

We hope that you will want to celebrate with us on this last class function before graduation.

You need it when!

Dr. Corey Holmes, long time faculty member, retired this year. He announced that he would now have time to do some crab fishing in Florida. Dr. Holmes is fondly remembered for his periodontal slide tapes, vacation slides and most importantly, rest slides. Enjoy your retirement!

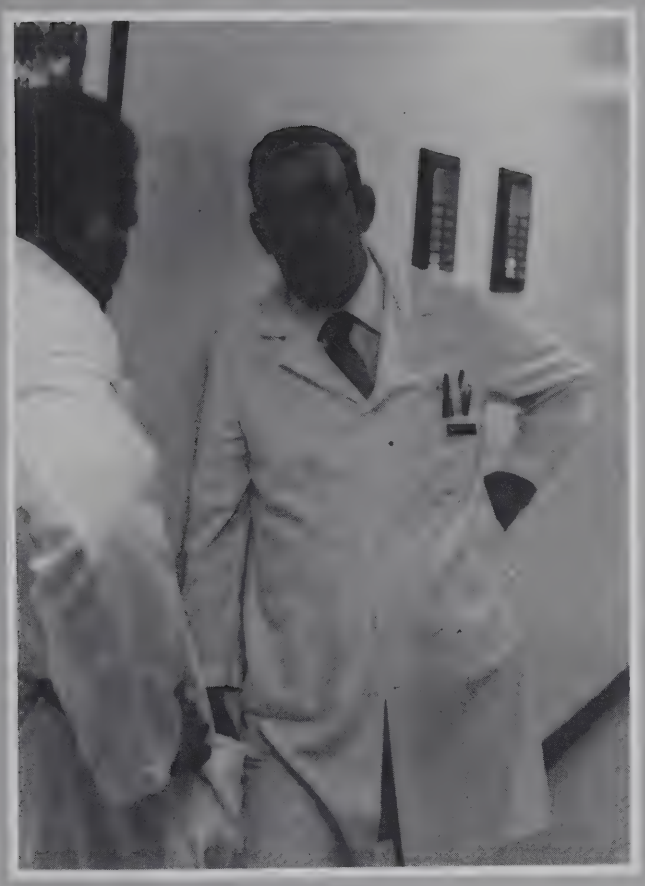

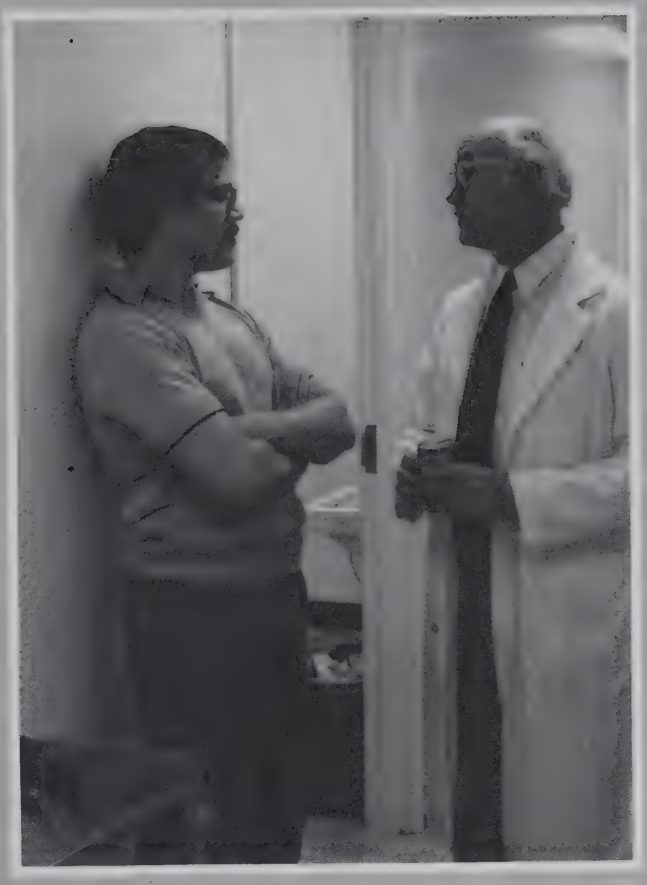

Early morning snuggling.

Late afternoon exiting

It's like this Bob

Sorry about this one, Ace

There is nothing like the old dance music

Southern Illinois University

School of Dental Medicine
Office of the Dean

September 6, 1983

Dear Graduates:

The most exciting news in the past year is that a bill has been passed to build a new clinic building for the SIU School of Dental Medicine. Early in July the Illinois General Assembly approved a capital projects appropriation bill that included provisions for a $5,182,200 dental clinic building. A few weeks later the bill was finalized by the Governor's signature.

The new building, as approved, would provide for 72 dental operatories plus the supporting functions such as sterilizing, records, clinical laboratories, consultation rooms and waiting areas. The preliminary plan calls for 18,788 square feet of useable space from an overall size of about 31,000 square feet. A School of Dental Medicine committee has been diligently working on more specific elements of a plan that would be further refined technically and put into blueprint form by an architect in the near future. The university administration is now in the process of appointing an architect for this purpose. Tentative plans are for the new building to be located near the CPA Building on the side toward the athletic field, extending in that direction as necessary to accommodate the space needs.

On another subject, I am pleased to report to you that our graduates have fared well on being accepted into graduate programs in the last couple of years. I don't have exact figures available right now but my own personal observation, and that of faculty members, is that we have done very well indeed as far as numbers accepted into very competitive graduate programs. Of course this speaks very well for the dental education that you received and the favorable image created by our graduates, including you and many others. I hear good things about you from many areas.

I know you will continue to do well in your professional careers. Congratulations on your graduation and I wish you much success in the future.

Sincerely yours,

Herbert C. Butts

Herbert C. Butts, D.D.S.
Dean

The East St. Louis Dental Clinic is located on the fourth floor of SIUE'S East St. Louis Center. The clinic is staffed by SIUE senior dental students, general practice residents, faculty, and civil service personnel. The residents spend one year working in the clinic and a local hospital. The Senior students spend three weeks at the clinic.

Dr. Cohen, Clinic Director

Hard working auxiliaries, Wilma (above) and Mary (below), enjoying a moment of rest

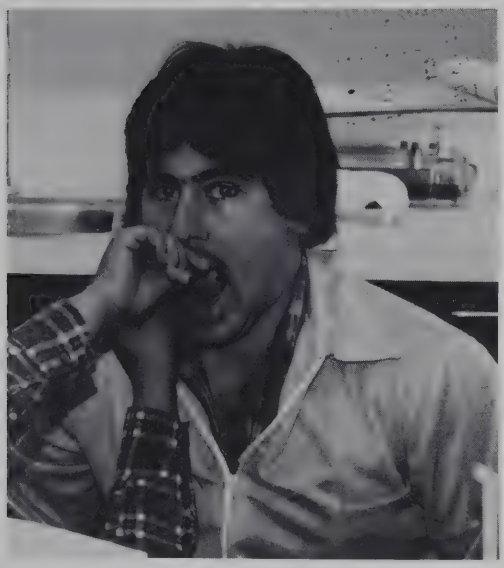

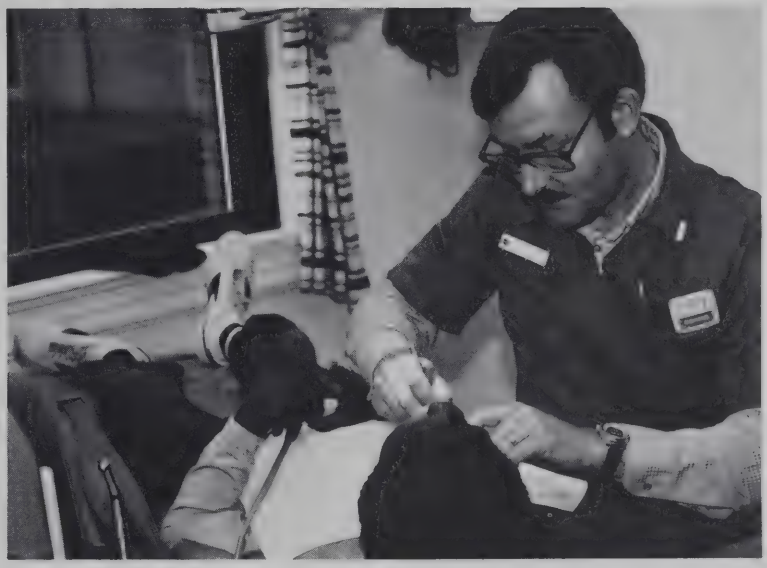

Dr. Long transacting important business.

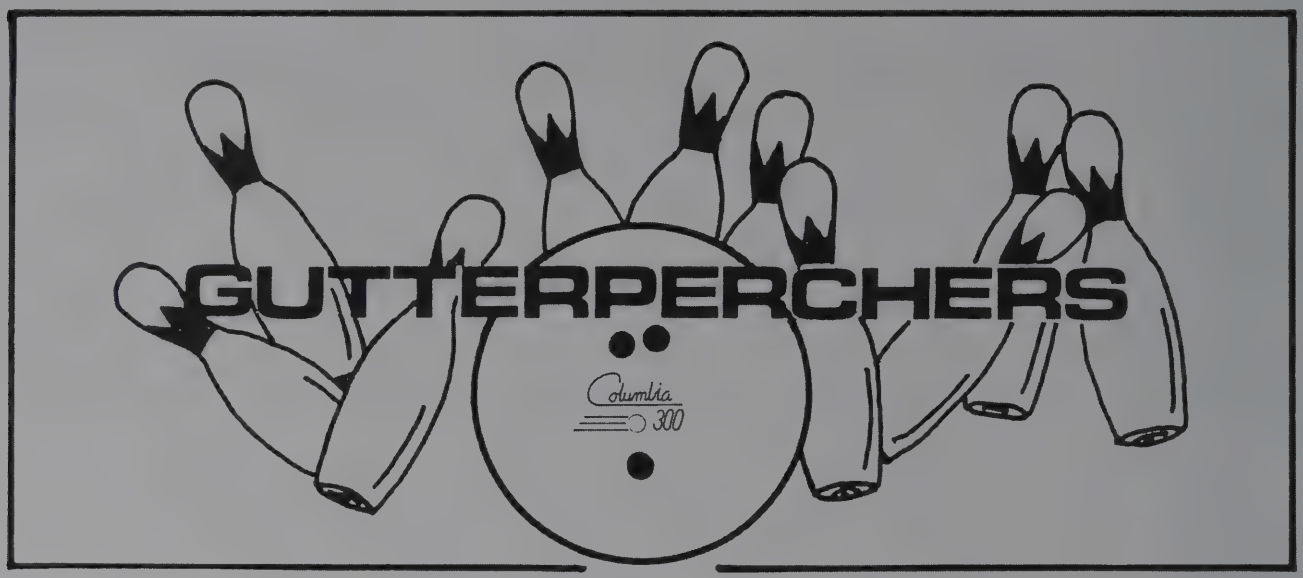

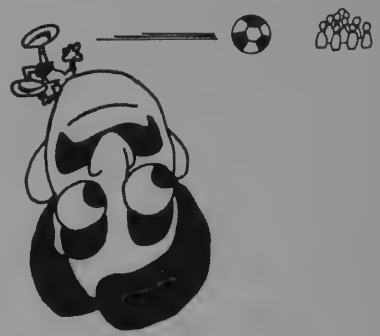

On December 20, 1982, bowling on lanes 19-20, Dave Milner rolled a 300 game for the Gutterperchers.

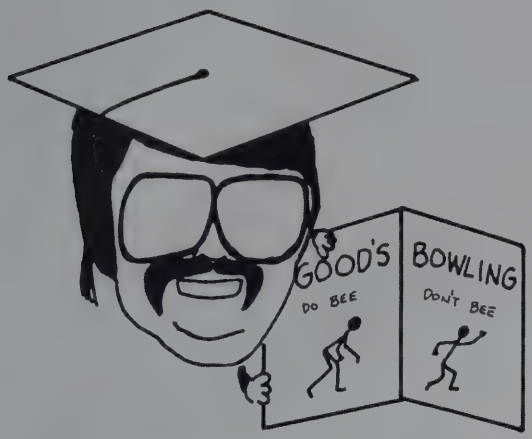

The '82-83 season was a banner year for the trophy-starved Gutterpercher team. The team started off the season as usual finishing well off the pace for the first and second quarters. While the third quarter found the team maintaining a strong Class III attitude and winning first place guaranteeing a spot in post-season play. (We won't talk about the fourth quarter.) During the playoffs the Gutterperchers were in rare (very rare) form winning the semi and final rounds handily for the completion of a championship year.

A special thanks goes to Harry Breckner for bowling with us and helping us during the year.

Stay with Healthco.

We'll help you succeed. Wherever you go.

Whether you opt for your own practice, an associateship, partnership, graduate study or another avenue, stay close to Healthco, your full-service dental dealer. We offer the most to the new dentist.

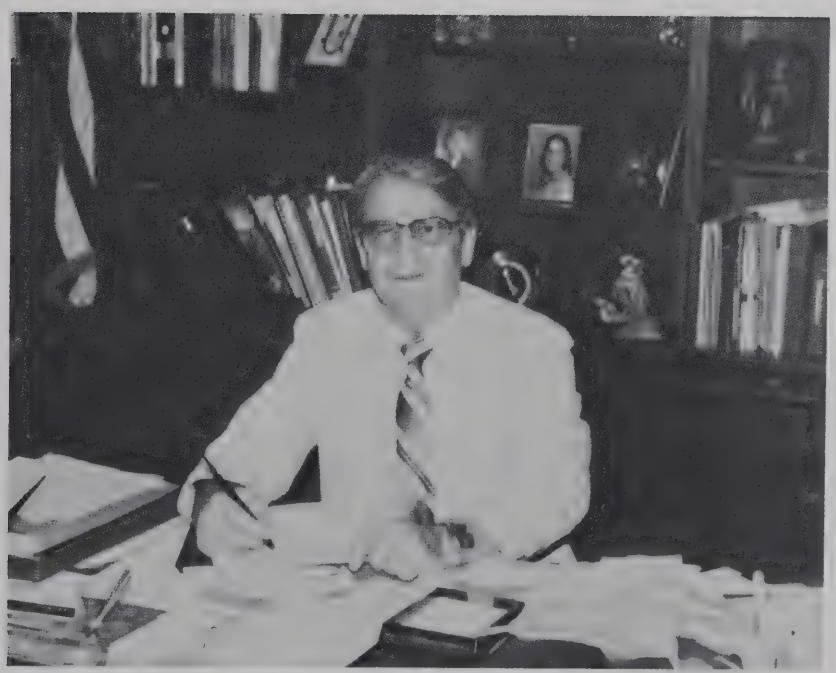

Here are some of the areas where Healthco can help:

1. Provide a personal sales consultant.
2. Help you select a location.
3. Counsel you in Associateship, Partnership, Group Practice and Institutional Employment.
4. Counsel you on building, renting or leasing your office.
5. Help you buy a practice.
6. Design your office and help you decorate it.
7. Help you select dental equipment.

Making your practice more productive.

THE BANK OF ALTON

We're Shaping Tomorrow...Today!

Mr. Paul Utterback, President

Inventory management

...merchandise and efficient, personalized service

Management of your merchandise inventory is as important to us as the management of our own inventories. Our system for merchandise management is specifically designed for the dental office. It assures that you will always have the proper stock you need... with a minimum dollar investment at all times. Our exclusive Centra Dental Products are another important part of our merchandise program, demonstrating our commitment to bring you alternative dental products that are high in quality and reasonably priced.

Ask your representative for complete details about Patterson's merchandise services.

Five effective choices from DAL

UNI-PONTIC

an acid-etch bridge that is a conventional, low-cost replacement for missing anterior or posterior teeth... available in both perforated (Rochette) and etched metal (Maryland Bridge) fabrications. *Ask for our step-by-step procedure manual.*

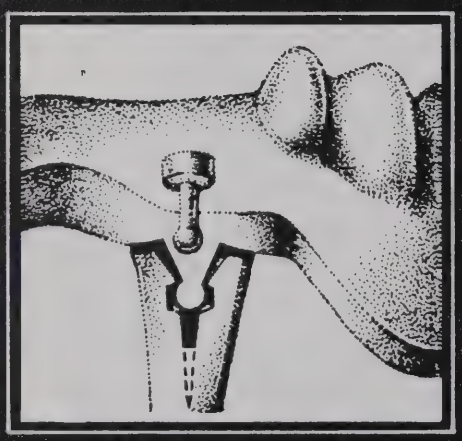

LINGUAL LOOP

permits a bridge to be held firmly by abutment teeth while maintaining a pre-existing diastema, with a restoration that exactly matches contour and color of original tooth.

DALECON

our full and partial denture line for the economy-minded patient, constructed from your models using Kenson acrylic premium teeth, flat plane posteriors, and finished in a high impact, non-fibered acrylic... at a low flat rate price range. *Ask for our DALECON price and product schedule.*

OVERDENTURE ATTACHMENTS

Zest, Rotherman and Ceka overdenture attachments provide a method of assuring excellent stability and retention, while providing your patient with the psychological assurance of superior esthetics and preservation of the alveolar bone. *Ask for our information booklet on overdenture attachments.*

TWIN-FOIL

porcelain jacket crown has five times the strength of a conventional PJC, making it the restoration of choice when a porcelain shoulder and vital appearance are required. *Ask for our technical reprint on the twin-foil PJC.*

We never forget that you have a choice of dental laboratories. So we keep giving you more to choose from at DAL. Phone or write for complete information.
